

Company Profile

Universal Embroidery

If you can image it, we will embroider it

About Us

Universal Embroidery was established in 1988. We supply an embroidery service to Corporate, Promotional and Advertising companies. We specialize in Corporate wear, Work wear, Promotional Clothing and Safetywear.

We are a proudly South African company, with deep roots in the local economy.

Over the years with steady growth and continued focus on delivering of exceptional value to our clients we have grown and matured into a credible service provider in the embroidery industry.

We pride ourselves

At Universal Embroidery we pride ourselves on being a dynamic and diverse team. Our core strength lies in the ability to adapt to the needs of our clients being able to deliver timeously and within budget.

Over the years we have built solid and sound professional relationships with captains of industry.

In house digitizing facility

We have an in house digitizing facility so there will be no delays in prepping your logo and sending it to you for approval. Our machines are capable of high quality, intricate work.

We have the capacity to produce huge volumes with various multi-head embroidery machines that are fully computerized and automated. We pride ourselves on meeting deadlines and have then option of producing on a 24hour basis.
